

Collabo Days – Participant Guidelines

Eat, Talk, Connect!

1. About This Event

“SENDAI SDGsWeek 2026” does not end with the opening event (Collabo Fes) on September 19. Collabo Days is a “pre-phase” that carries the encounters and discoveries from that day into everyday exchange. Over six evenings, at multicultural restaurants across Sendai City, international residents and students will share their home cultures and hopes for the community, meeting local businesses and citizens along the way.

2. Who Can Join

- Everyone is welcome, Japanese and international residents alike.
- International residents and students who want to share their culture and daily life
- Business people interested in connecting with local companies and organizations
- No restrictions on nationality, age, or experience (solo participants welcome)
